Share Your Experience with UKC

Every apprenticeship should be viewed as a learning experience. Apprentice experiences will vary between each judge and for every apprentice. It is what the apprentice takes from each of their apprenticeship experiences and what they do with that information that makes an excellent judge of the future.

Most judges provide a good learning environment for the apprentice. As an apprentice, we value your input about the experiences you have with our senior judges. We encourage you to contact us with both positive and negative experiences that you may have had while fulfilling your required assignments. UKC seriously considers all feedback received.

Things to consider.

- Did you feel the senior judge was qualified to mentor conformation apprentices?
 - What stood out to you in this regard?
- Did the senior judge meet your expectations of their presentation during your assignment?
 - Were there any items you wished the senior judge would have spent more time on?
- Did the senior judge cover all the required items listed for the apprenticeship assignment found in the judge's handbook?
 - If not, which items were not covered?
- Was the senior judge pleasant and welcoming not only to you, but also the stewards and exhibitors?
- Was there anything the senior judge did that was memorable or out of the ordinary and if so, what was your opinion regarding that matter?
