Application for DNA Profiling

Type or print clearly one form for each sample submitted.

(For Office Use Only)

Fee _____

In Date _____

Received By _____

Date Kit Mailed _____

1. Select DNA Type:

DNA PROFILE

\$45.00

Registered owner may apply to DNA Profile any dog. The registered owner will receive a *Certificate of DNA Analysis* reflecting the DNA status of that dog. The DNA status will appear either as DNA-P or DNA-VIP if the dog's parents have also been profiled and are compared and verified to the dog being tested.

DNA Certification

\$10.00

For a dog that has been profiled by Scidera, Inc., but not through UKC. This procedure puts DNA on UKC records. **Copy of Certificate of DNA Analysis from Scidera, Inc. must be attached.** No sample is required.

DNA-VIP Transfer of Ownership

\$15.00

To be used to transfer registered owner information on the DNA database. A new *Certificate of DNA Analysis* will be issued to reflect the new owner information. No sample is required.

Duplicate Cert of DNA Analysis

\$15.00

For a Certificate of DNA Analysis that has either been lost, stolen or destroyed. A duplicate certificate will be issued only to the registered owner. Please include a written explanation for the request.

DNA - VIP Upgrade

\$5.00

Dog is automatically upgraded to verify identified parentage (DNA - VIP) when dog's sire and dam have been profiled compared and verified. For a DNA - VIP certificate choose this option.

Certification*

I hereby certify that the information provided on this form is true and correct to the best of my knowledge. I understand that the sample I have submitted may be archived for future analysis. I have read and understand the rules governing DNA profiling & certifications on the reverse side.

Owner's Signature _____ Date _____

*All applications must be signed and dated by the registered owner as recorded in UKC database. Unsigned applications will not be accepted.

Test results will be mailed only to registered owner. Please allow 6-8 weeks for delivery.

See reverse side for additional Rules Governing DNA Profiling and Certification.

fo25aadm/Rev. 12-11

Rules Governing DNA Profiling & Certifications

- Registration applications submitted with DNA will not be held for DNA results unless specific instructions are given to do so.
- All applications must be filled out completely. If any portion of the application is left blank it may cause a delay in the processing of your dog's profile.
- All DNA applications submitted for UKC registered dogs must be signed by the registered owner of the dog as recorded in the UKC database.
- All UKC litter-registered dogs must be permanently registered before they can be DNA Profiled.
- United Kennel Club, Inc. does allow dogs to be DNA Profiled even if they are not registered with UKC. The DNA testing will not make the dog eligible for registration with UKC.
- Those individuals who have already had their dogs profiled with Scidera, Inc., but not through UKC, may certify their dogs' DNA information with us by sending a copy of the *Certificate of DNA Analysis* with a completed DNA Application for each dog. See DNA Certification on the front of this application for further instructions. United Kennel Club will acknowledge DNA results only from Scidera, Inc. (formerly known as MMI Genomics).
- Dual-Sired litters are eligible for UKC registration once both of the potential Sires, the Dam, and all the pups have been DNA Profiled and the parentage has been verified through Scidera, Inc. (formerly known as MMI Genomics). The Sire and Dam of the litter must be of the same breed and permanently registered with UKC.
- All DNA information is considered confidential and will only be released to the registered owner recorded in the UKC database.
- United Kennel Club, Inc. reserves the right to correct, withhold or revoke any registration certificate or pedigree resulting from DNA exclusions.
- United Kennel Club, Inc. reserves the right to require any dog or dogs to be profiled pursuant to the maintenance of the integrity of UKC records. A person who refuses to consent to profiling a dog over which he/she is the registrant may be barred from all United Kennel Club privileges.
- Please check that the following items have been enclosed in your envelope prior to being mailed.
 - a. completed application for DNA profiling (including signature);
 - b. DNA sample (enclosed within the DNA test swab envelope);
 - c. proper fee (if not prepaid)
