TELEMETRY RULES

Effective January 1, 2016 for UKC Licensed Cur/Feist Events.

-
- 1. UNDER NO CIRCUMSTANCES SHALL TELEMETRY BE USED TO DETERMINE THE SCORING OF ANY DOG(S).**
 2. If, by way of telemetry a handler deems dog to be in danger, per an item outlined in Rule 7, they may ask for a cast vote to call time out. If a majority is not reached the handler may withdraw then handle the dog due to safety concerns.
 3. At no time may a handler demand the cast walk in the direction of a dog that has not been heard opening. The judge, or majority of the cast when hunting judge is used, may agree to walk in that direction.
 4. When considering the use of telemetry during the hunt the handler may not interfere with any handler's ability to listen for their dog. This is to be rigidly enforced. Handlers not adhering after being warned of such by the judge; shall result in their dog being scratched from the cast.
 5. A Hunt Master/Panel may not consider any debate that is based on telemetry use.

General Information

- The handheld of locating (tracking) only systems may be carried and used during the hunt.
- A dog must be heard opening before a strike or tree call may be accepted, regardless of any telemetry system alerts or information.
- Any handheld device capable of both locating (tracking) and controlling (stimulating or toning) may not be carried by the handler during hunt time. The handheld must be left in the vehicle. However, the handheld may be used during time out situations during the hunt for locating purposes only.
- The handheld of controlling only (stimulating or toning) systems must be left in vehicle and may not be used by handler or spectators until dog wearing device is scratched and all other dogs are recovered for re-casting.

Controlling device rule violations may result in suspension.
