2022 First Strike Series Standings

General Information

Points can be earned for both hunt and bench show competition accomplishments. Points earned in Hunt and Bench Show will be included in the Youth Handler's total points earned. However, Bench Show points are limited to not exceed the number of hunt competition points earned when the total is determined at the end of the calendar year. Note: This is not a rule for each individual event. It's a rule that only affects the final total points awarded at the end of the calendar year.

Example: John Doe Jr.: year-end Hunt points total = 75; year-end Show Points Total = 100; year-end Total Points Earned = 175. Result: Net Point Total = 150.

Any Youth Handler may compete with no more than two dogs in a hunt and or a show on the same day. The dog(s) they compete with in the hunt do not have to be the same dog(s) they compete with in the show. The dog they compete with is not required to be a dog that is registered to the youth as the owner.

Points may be earned throughout the calendar year (January 1-December 31). Standings will be updated monthly and published on the UKC website and in *American Beagler* magazine.

Youth Handler Responsibilities

Whenever a youth is handling more than two different dogs in a hunt or more than two different dogs in a show, it is the youth's responsibility to clearly advise the entry takers, at the time of entry, which two dogs they are competing with for Series Points.

Event Officials Responsibilities

It is the responsibility of the event official (Master of Hounds and Bench Show Judge) to complete the First Strike Youth Series Results Form that is included with the Event Report. That form must be sent to UKC along with the Event Report. If there were no youth participating in the event that day, the event officials should indicate it as such on the form and include it with the Event Report regardless.

Award Winners

At the end of the year, there will be three winners recognized in each age division. The highest total net points earned will be the Gold Champion. The second highest total net points earned will be the Silver Champion. The third highest total net points earned will be the Bronze Champion. The winners will be recognized and receive their awards each year at the Beagle Nationals Awards Ceremony.

ALLEN GINGERICH

Single Registration | Measuring Dogs

Q: For those non-registered dogs coming to our events and requiring single registration, are we required to include

an official measurement for the dog, and it be noted on the application? The application asks for the measurement of the dog, but we have been told this is no longer a requirement. Second, if a dog measures over 15 inches does UKC register that dog?

A: Single applications may be mailed to UKC without being inspected and signed off by a breed inspector. When submitted to UKC without being evaluated and signed off/ approved by a breed inspector, three photos are required to be included with the application. In this case the dog would obviously not be measured.

There was a time when a measurement was required but while that measurement notation still exists on the current single registration application, a height measurement of the dog is no longer required even when evaluated by a breed inspector. When a dog is registered on the day of the trial

the dog needs to be measured but only for the purpose of entering the event that day but not for UKC registration purposes. As for the second part of the question, while an oversized hound would not be eligible to compete in UKC licensed trials, the dog could still be used for breeding purposes and could potentially produce offspring that meets competition height requirements. For this reason, UKC does register a beagle that may exceed 15 inches be it males or females.

When it's Not Possible to Split Multiple Entries

Q: At our last hunt we had four dogs entered in the champion category. Two of those champions were owned by the same guy. The owner insisted we split them into two casts per the multiple owner rule. The Master of Hounds could not find the rule and eventually bought into it and sent out two two-dog casts. As it turned out, both dogs won their cast. Since then, a couple guys told me that should not have been allowed and they doubt UKC will honor those wins. It doesn't affect me but would like to know for sure for future reference.

A: The employees in the UKC hunt office are trained to make sure entry numbers and breakdowns on the reports are on the up and up and they do an excellent job of catching things like this. We might be able to fool Amanda on most of the running rules, but her training takes over and she will red-flag this one hundred out of a hundred times.

All jokes aside, the rule that applies is found under Master of Hounds | Hunt Director Guidelines Rule 9, the section that covers the drawing of casts. 9(e) states: *It is the responsibility of the Event Official to draw multiple same owner entries to separate casts, if possible.* The key words here are "if possible". THE very next sentence states; *{The only time it would not be possible is if there are not enough casts available to separate them.}* Section e goes on to explain that this applies to first owners only etc. That said, it's there and I can't make it any more clear than stated in the rulebook.

As for UKC's position and response to a report that comes in like this; things like this don't require an appeal or a complaint to be made. It's considered an ineligible cast and no wins are awarded to any dog. In the case mentioned above, we have two ineligible casts. That's too bad but we can and should do better on all accounts. It's unfortunate that it is all for not but there are no acceptable alternatives.

One Time Measurement for all Events

Q: Last weekend I attended a double header hunt. After filling out the entry form for the second hunt, I brought my dog in for a measurement but was told I didn't need to measure again because they had already measured my dog for the first hunt earlier that day. I have never heard of this and thought you always had to measure your dog before entering any UKC hunt.

A: The club was correct, if your dog measured in before the first hunt, then your dog is good for any additional hunts that day. Matter of fact, if the club has a hunt on the next day that same dog is good for all weekend at that club. However, if you were to go to a different club on that same weekend, you'd need to have your dog measured by the other club before entering.

This is a new rule that went into effect in 2022. Out of habit we never gave it much thought needing to measure our dogs every time we entered a hunt even if it was at the same club on the next day. But with double headers coming along now, it became a thing where we started questioning why the need for another measurement? Often, it's the same individuals doing the measuring so what are the odds of measuring out merely a few hours after the first measurement was good? And if that were the case, imagine the argument and allegations it would create. It just makes good sense to require a one-time measurement for that clubs' hunt's that day or on that same weekend. What's important to also be clear on is that if a dog measures out, that dog is out for all hunts on that day and or weekend at that same club. The following is taken directly from the rulebook as it relates to measuring hounds at UKC licensed hunts.

MEASURING HOUNDS

Revised January 1, 2022

1. All dogs, except those that are permanently measured, must be measured the day of the event prior to entry of hunt or show.
2. A drop bar type measuring stand or a rigid, one piece, wicket-type stand set for 15 inches are both acceptable types of measuring devices. A tape measure is not an acceptable means of measuring dogs at events. Dogs must be measured at ground level. Standing the dog on a flat board with a non-slip surface to be measured, is acceptable.
3. The height of the dog is the distance from the ground to the top of the shoulders or withers. This point at the top of the shoulders is where the neck appears to meet the shoulders. The dog's legs should be directly under him and not leaning forward or backward. The registrant/handler may assist in posing the dog and steadying him. No physical alterations may be made to dogs to comply with height restrictions.
4. Those dogs measuring over 15 inches will not be eligible to be hunted or shown at the event, be it the hunts or the show.
5. If a dog meets the measurement requirement in the morning prior to the hunt, that same dog need not be measured for the show.
6. A one-time measurement of the hound shall suffice for entry into all hunts and shows held by the same club on any given day and or that are held on the same weekend.
7. A hound that is measured out is not eligible to be remeasured for any additional hunts or shows held by the same club on that same day or that same weekend. The registrant/handler of a hound that is measured over 15 inches, may appeal to have the hound measured by the Master of Hounds/Hunt Director or Bench Show Judge. The event officials' decision is final.
